Q&A

May 30

Google Fu

Be specific

- If you have an error message, use that as a start

- If you find something, look at the date of the question and the answer

- Use Google's date feature when searching

Look for reputation

- Create an account, post questions

- When you find an answer, look for "accepted" answers

Ruby Docs

Language Specific Features

Rails Docs

Versions!

- Rails 4 != Rails 3

- Rails 5 is upon us

- Rails on Heroku has special circumstances

Gem Docs & Github Repos

The Readme is your friend

- Read them!

- All made by different people

- Look for activity on the project (commits, issues, stars)

- Don't use abandoned gems

- Look for an **/examples** folder

Slack / Office Hours

Everyone benefits

- Ask the question - you're likely not the only person who has the question

- There are no dumb questions - **seriously**

- Learning web development is like drinking from a firehose

More Reinforcement

We'll be doing more

- Quizzes

- Exercises

- Pairing

# Practice

Practice cannot be understated

- Build something, tear it apart, build it again

- Read _why's poignant guide

- Go back and work through the exercises & look at the solutions

- Follow Rubyists or join Ruby communities

Iteration

```erb
<% @pins.each do |pin| %>
  <!-- YOUR HTML -->
<% end %>
```

```erb
<% @pins.each do |pin| %>
  <div>
    <%= pin.description %>
  </div>
<% end %>
```

Masonry!

```
bower install masonry
        --save
```

Include Masonry in

app/assets/javascript/application.js

HTML

```html
<div class="grid">
  <div class="grid-item"></div>
  <div class="grid-item"></div>
  <div class="grid-item"></div>
</div>
```

CSS

```css
.grid-item {
  width: 200px;
}
```

JS

```
$('.grid').masonry({
  // options
  itemSelector: '.grid-item',
  columnWidth: 200
});
```

imagesLoaded

```
$('.grid').imagesLoaded(function() {

  alert('all the images are loaded');

})
```

Masonry + Bootstrap

```javascript
$('.grid').masonry({
  // options
  itemSelector: '.grid-item',
  columnWidth: '.grid-item'
});
```

Full Javascript

```javascript
$(document).ready(function(){
  $('.grid').imagesLoaded(function() {
    $('.grid').masonry({
      itemSelector: '.grid-item',
      columnWidth: '.grid-item'
    });
  })
});
```
